About ARTEMIS-RT

ARTEMIS-RT, part of a large group exclusively involved in Contrast Media Injectors, syringes and disposables, is the newest supplier for a large range of syringes that can fit most of contrast media injectors that are covering the World. Our partner was established in 1998, and since this has developed automated production lines, allowing huge quantities and quality products.

Our factory has been ISO 13485 and CE certified for years. QUALITY is the highest commitment of our management to our selling partners and customers.

Our challenges are to:

- 1) Develop new products that are needed by future imaging innovations;
- 2) Increase on a daily basis our manufacturing & quality controls;
- 3) Place Artemis as the WORLD WIDE LEADER in syringe/disposable supply.
